

BALTIMORE ADVOCATES⁴ ARTS EDUCATION

Restoring the Arts as a Core Discipline in Baltimore City Public Schools

what we do...

Advocate for increased equitable access to arts education in Baltimore City Public Schools (BCPS)

Provide information about arts education in BCPS

why...

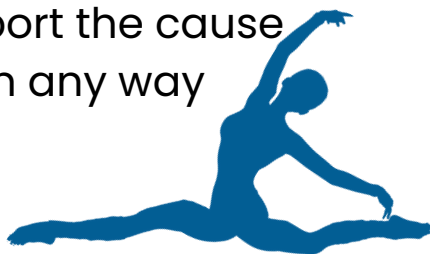

Arts education access for BCPS students is uneven and generally lower than elsewhere in Maryland.

Limited access means many students miss chances to explore artistic interests, gain creative and academic benefits, and arts-related careers.

who...

All who want to support the cause in any way

how...

Show up! Attend School Board and/or other meetings, write emails, provide testimony, make calls, write articles, and spreading the word
